

HR-POL-6161: Long-Term Incentive Plans (LTIP) & Vesting Logic

61.1 LTIP Eligibility

Employees may be granted LTIPs based on:

- Sustained Performance Rating $\geq$ **4/5** over **3 consecutive cycles**,
- Strategic role alignment,
- Executive approval.

LTIPs vest over **3–5 years**, subject to continued employment.

61.2 Vesting Suspension Triggers

Vesting is automatically suspended if:

- The employee enters a PIP (HR-POL-1616),
- A Critical Behavioral Flag is raised (HR-POL-808),
- The employee is placed under Compliance Audit (HR-POL-2828).

61.3 Good Leaver vs Bad Leaver Clause

- **Good Leaver** (redundancy, medical separation): Pro-rata vesting may apply.
- **Bad Leaver** (misconduct, gaming): All unvested LTIPs are forfeited.

> Classification overrides performance history.

HR-POL-6262: Merger & Acquisition (M&A) Integration Rules

62.1 Transitional Employment State

During M&A integration:

- Employees enter a **Transitional State** for up to **180 days**.
- Standard policies apply unless explicitly overridden.

62.2 Policy Collision Resolution

If legacy company policies conflict:

- More employee-protective rules apply for **employment terms**,
- More restrictive rules apply for **data access and compliance**.

62.3 Integration Freeze

During the first **90 days post-close**:

- Transfers, promotions, and terminations are frozen,
- Emergency exceptions require Joint Integration Committee approval.

HR-POL-6363: Unionized Workforce & Collective Bargaining Logic

63.1 Union Coverage Identification

Certain roles may fall under:

- Collective Bargaining Agreements (CBAs).

CBAs override internal policy **only** where explicitly stated.

63.2 Conflict Resolution with CBAs

If a CBA conflicts with:

- Leave Policy (HR-POL-101),
- Overtime Policy (HR-POL-1111),

The ****CBA prevails****, but only for covered employees.

63.3 Automation Constraint

AI agents:

- Must not interpret CBAs independently,
- Must defer to Legal-approved rule mappings.

HR-POL-6464: Cultural Norms, Regional Sensitivity & Local Exceptions

64.1 Cultural Accommodation Requests

Employees may request accommodations for:

- Cultural practices,
- Religious observances,
- Regional norms.

Requests require:

- HR review,
- Local legal validation.

64.2 Non-Precedent Rule

Approved cultural accommodations:

- Do not create precedents,
- Cannot be cited in future requests.

64.3 Boundary Condition

Cultural accommodations:

- Cannot override safety, compliance, or audit requirements.

HR-POL-6565: Evidence, Documentation & Burden of Proof

65.1 Evidence Classification

Evidence used in HR decisions may include:

- System logs,
- Emails and documents,
- Witness statements.

65.2 Burden of Proof Rule

- Disciplinary actions require ****preponderance of evidence****,
- Terminations require ****clear and convincing evidence****.

AI-generated signals:

- Are ****supporting****, not primary evidence.

65.3 Evidence Retention

All evidence must be retained for:

- Minimum ****5 years****, or
- Longer if litigation is anticipated.

HR-POL-6666: AI Agent Disagreement & Consensus Protocols

66.1 Multi-Agent Decision Disagreement

If two or more AI agents:

- Reach conflicting conclusions,
- With similar confidence scores,

A ****Disagreement State**** is declared.

66.2 Resolution Path

In Disagreement:

1. Agents exchange rationales,
2. Confidence scores are recalculated,
3. If unresolved, escalate to Human Review.

66.3 No Majority Rule

Decisions:

- Cannot be resolved by majority voting among agents,
- Must converge logically or escalate.

HR-POL-6767: Policy Scope Creep & Constraint Reinforcement

67.1 Scope Creep Detection

Scope creep is detected when:

- Policies are applied beyond intended domains,
- Exceptions become de facto rules.

67.2 Reinforcement Measures

Upon detection:

- Temporary moratorium on new exceptions,
- Mandatory retraining of AI agents,
- Clarifying policy issuance.

67.3 Retroactivity Limitation

Corrections apply:

- Prospectively only,
- Unless legally mandated otherwise.

HR-POL-6868: Intergenerational Equity & Future Employee Impact

68.1 Equity Assessment

Before approving:

- Large compensation changes,
- Policy relaxations,

Impact on ****future hires**** must be assessed.

68.2 Constraint Rule

Actions that:

- Benefit current employees disproportionately,
- At the expense of future workforce sustainability,

Require Board-level approval.

HR-POL-6969: Strategic Workforce Rebalancing

69.1 Rebalancing Triggers

Rebalancing may be initiated due to:

- Market shifts,
- Technology changes,
- Strategic pivots.

69.2 Employee Impact States

Affected employees may enter:

- Redeployment,
- Reskilling,
- Redundancy pathways.

69.3 Priority Ordering

Redeployment and reskilling must be attempted before redundancy, unless infeasible due to time or skill mismatch.

HR-POL-7070: End-of-System Safeguards & Governance Backstops

70.1 Safeguard Activation

Safeguards activate when:

- Policy conflicts exceed resolution capacity,
- Human review backlogs exceed thresholds.

70.2 Backstop Actions

Backstops may include:

- Temporary simplification of rules,
- Blanket holds on non-essential actions,
- Centralized decision-making.

70.3 Sunset Requirement

All backstop measures:

- Must have defined expiration,
- Require post-mortem analysis.

Absolute Final Principle (AFP-Σ)

No automated decision is valid unless:

- It is explainable,
- It respects human dignity,
- It preserves organizational trust,
- It can be defended to an external auditor.

When in doubt, **pause, explain, and escalate**.
